**PREPARING FOR AN EMERGENCY:
The Smart Thing To Do**

Why Prepare?

If you think about it, you take precautions every day, to just when a snowstorm is coming. For instance, you wear your seat belt in the car just in case you are in an accident. You make your children wear helmets when they ride their bicycles. You double check your iron to make sure it is unplugged.

Preparing for emergencies is not new. Your grandparents probably had extra supplies in their home: soap and shampoo in the bathroom closets, onions and potatoes stored in the basement, and canned goods on pantry shelves. They understood the value and wisdom of having a little extra on hand for emergencies. All states have disasters, even New Hampshire. We have ice storms, tomatoes, floods, and power outages. It is smart to prepare for the unexpected.

**NOTICE OF CLEANING AND
INSPECTION OF SANITARY
SEWER MAINS**

The City has contracted this required maintenance for the long term evaluation of these vital underground utilities on your street. Please take notice of equipment and personnel as they may cause minor traffic inconveniences while performing their work.

Occasionally, during sewer cleaning, air pressure in the sewer main can cause water to splash out of toilets, sinks and drains in your home. Please take the following precautions to prevent water damage to your home:

- Close lids and cover toilet bowls when not in use. We remind you that the water could come from this type of incident is from the bowl itself.
- The common causes of air venting in and out of homes during sanitary sewer cleaning are:
 - Air movement from normal cleaning operations, the use of higher pressure needed when cleaning sanitary sewer lines that have a steep slope, sewer lines running close to the building, a plugged roof vent, and the size and complexity of the home's ventilation system. This is why we ask you to keep the toilet lid down to minimize water splashing out of your toilet bowl.
- The most common question from residents after receiving this notice is "When will they be on my street?" Due to variables in cleaning operations it is impossible to be answer this question accurately. Look for the contractor's (Ted Berry Company) red and white trucks and when they are near your street it is time to take the precautions mentioned above. If you have questions, please contact Matt Mooney at Laconia Public Works, 27 Bisson Avenue, or call (603)528-6379, Extension 303.

**LRAA Speaker
November 21, 2016**

November's LRAA guest speaker, Sarah Chaffee, gallery director for McGowan Fine Art since 1997 and partner since 2000, will discuss the qualities a gallery looks for when choosing an artist to represent. Whether you paint abstracts or realism or

express your creativity through photography or a fine craft, finding the right gallery for your work is the goal of every professional artist. Having the tools to approach a gallery will help make the whole experience more pleasurable for you as well as the gallery owner.

A contemporary art gallery, McGowan Fine Art has been part of the NH art community since 1980. Art works at the gallery include everything from jewelry and abstracts to photography and three dimensional. The gallery represents nearly 100 artists and offers art to fit most budgets. They also offer framing and use only conservation materials for your fine art purchases.

The Lakes Region Art Association's November meeting will be held on Monday, November 21 at the Woodside Building Conference Center at the Taylor Community, 435 Union Ave., Laconia, NH. The meeting begins at 7pm. This event is free and open to the public.

Pet of the Week: Bagel

New Hampshire Humane Society is the kind of shelter where you will find some of our residents roaming and enjoying a suite of rooms - so are the arrangements for Bagel, a big tabby cat. Bagel is feline inquisitiveness personified. From her sturdy, robust though agile personage, to her gentle and constant talk she loves to oversee the comings and goings of humans and enjoys and often demands the sweet, cool H2O only found from the kitchen sink. Is this a little bizarre(?) We think not; rather, this adorable idiosyncrasy gives Bagel a little bit of a feline edge, and shows her superior intelligence.

We know Bagel would prefer to be the main cat in your life. We've seen her in action, and a canine free home would be appropriate...she is NOT enamored with dogs! If you're looking for a cat with a real zest for fun and exploration in your home, then Bagel surely is the perfect choice.

She's been calling NHHS home since May - let's see if she could be home for the holidays - check www.nhumane.org, 524-3252, or facebook.com/nhumane.

Youth Mental Health First Aid

An 8-hour certification course for caring adults who want to help youth (ages 12-18) who may be in crisis or experiencing a mental health challenge.

The course is designed for adults who regularly interact with adolescents (teachers, school staff, coaches, youth group leaders, parents, bus drivers, etc.). In January 2013, President Obama recommended Youth Mental Health Training for all. The core Mental Health First Aid course has been successfully offered to more than 100,000 people across the USA, including hospital staff, employers and business leaders, faith communities, law enforcement, and the general public.

WHAT WILL PARTICIPANTS LEARN?

The course teaches participants the risk factors and warning signs of a variety of mental health challenges common among adolescents, including anxiety, depression, psychosis, eating disorders, AD/HD, disruptive behavior disorders, and substance use disorder. Participants do not learn to diagnose, nor how to provide any therapy or counseling – rather, participants learn to support a youth developing signs and symptoms of a mental illness or in an emotional crisis by applying a core five-step action plan:

- ~Assess for risk of suicide or harm
- ~Listen nonjudgmentally
- ~Give reassurance and information
- ~Encourage appropriate professional help
- ~Encourage self-help and other support strategies

The Youth Mental Health First Aid USA curriculum is primarily focused on information participants can use to help adolescents and transition-age youth, ages 12-18.

To enroll please email Janet Brough at jbrough@laconiaschools.org

A Medication Collection and Disposal Box is located in the lobby of the Laconia Police Department for your convenience in disposing of old or unused prescription drugs in a safe manner. Open 24 hrs/day, 7 days/wk. The collection box is accessible 24 hrs a day, 7 days a week!

The boutique was originally started to help local girls attend their prom by giving them a free prom dress. After it's inception, founder Kimberly Ainsworth wanted to add a community component. The "Pay-It-Forward" program simply asks girls who are getting a dress, to "pay it forward" in any meaningful way they choose. The goal of the program is to empower women by promoting the joy of giving, and to build confidence by providing free formal wear that shows off each girls natural beauty.

The NH Home Front During World War II

What was life like for those who stayed behind in New Hampshire when legions of young men went off to fight World War II in Europe and the Pacific? That's what Producer John Gfroerer examines in this documentary during a presentation Monday, Nov. 14 at 6 p.m. in Taylor Community's Woodside Building. The event is free and open to the public.

Things were very different then. Calls to purchase War Bonds filled the radio airwaves. Rationing was in full force for food and gasoline. Posters reminded everyone that "loose lips sink ships." The whole country was focused on one goal – winning the war.

Gfroerer, founder of Accompany Video Production of Concord, has produced more than 40 documentaries about life and history in New Hampshire and Maine. He will discuss his work after the showing.

Please join us as we salute and thank all veterans for their dedicated and loyal service to our country.

There will be a ceremony of remembrance at Veteran's Square at 11 am on Friday, November 11th.
