

LACONIA CITY COUNCIL MEETING
JANUARY 9, 2012
CITY HALL – CONFERENCE ROOM 200A
7:00 P.M.

CALL TO ORDER:

Mayor Seymour called the meeting to order at the above date and time.

SALUTE TO THE FLAG:

Councilor Armand Bolduc led the Salute to the Flag.

ROLL CALL:

City Clerk Reynolds called the roll with the following Councilors present: Councilor Doyle, Lahey, Lipman, Baer, Hamel and Bolduc. Also present City Manager Scott Myers and Finance Director Donna Woodaman.

ADOPTION OF MINUTES OF PREVIOUS MEETINGS:

- **Minutes for the December 27, 2011 Council meeting**

Councilor Bolduc moved to approve the minutes of the December 27, 2011 Council meeting. Seconded by Councilor Hamel. **Motion passed unanimously.**

CONSENT AND ACTION CALENDAR:

- **Inaugural Nominations**
 - a) **Mayor Pro Tem**

Councilor Bolduc moved to appoint Councilor Hamel as Mayor Pro Tem. Seconded by Councilor Baer. **Motion passed unanimously.**

- b) **Committee Members**

Mayor Seymour made the following appointments:

COMMITTEE

MEMBERS

FINANCE

Henry Lipman, Chairperson
Robert Hamel
Brenda Baer

GOVERNMENT OPERATIONS

Ava Doyle, Chairperson

Matthew Lahey
Armand Bolduc

LAND & BUILDINGS

Robert Hamel, Chairperson
Henry Lipman
Armand Bolduc

PUBLIC SAFETY

Brenda Baer, Chairperson
Matthew Lahey
Ava Doyle

PUBLIC WORKS

Armand Bolduc, Chairperson
Brenda Baer
Matthew Lahey

SCHOOLS/CITY COUNCIL

Ava Doyle
Henry Lipman
Robert Hamel

- **Rent for Boardwalk spaces for Motorcycle Week 2012**

Councilor Hamel moved to set the rental fee for the Boardwalk spaces at \$1,250 for Motorcycle Week 2012. Seconded by Councilor Bolduc. **Motion passed unanimously.**

CITIZEN COMMENTS FOR MATTERS NOT ON THE AGENDA: NONE

INTERVIEWS: NONE

COMMUNICATIONS: NONE

PUBLIC HEARING:

- **Proposed Zoning Change to Ahern State Park (Map-Street-Lot 333-310-3) from Residential Singe Family to Rural Residential 1.**

Mayor Seymour opened the public hearing at 7:03 p.m.

Councilor Lahey thanked Planning Director Saunders and City Manager Myers for bringing this item forward in light of the potential changes with the Lakes Region Facility.

With no members of the public wishing to speak, Mayor Seymour closed the public hearing at 7:05 p.m.

- **Proposed Amendment to Chapter 235 Impact Fees for the Addition of the Commercial Resort (CR) Zone.**

Mayor Seymour opened the public hearing at 7:06 p.m.

With no members of the public wishing to speak, Mayor Seymour closed the public hearing at 7:07 p.m.

- **Proposed Amendments to Chapter 161 & Chapter 195 (with Appendix A)**

Mayor Seymour opened the public hearing at 7:07 p.m.

Councilor Hamel recommended that the Council wait until after this year's event before making any changes that are not required by State statute. Councilor Hamel cited concerns that the effected property owners were not properly noticed of the meetings being held regarding Chapter 195 or the changes that are being proposed. Councilor Baer stated she has attended the second meeting held and there was general discussion but no specific proposals made. Councilor Doyle agreed that the meetings were informal.

City Manager Myers explained that most of the changes to Appendix A are in line with State requirements and the Fire Department will be following and enforcing them; Appendix A is designed to give the vendors and property owners guidance through the process and the Council is being asked to adopt Appendix A to formalize the process. Many of the concerns that were raised at the last meeting are regarding the traffic order and that item is not being discussed this evening.

With no further Council comments, Mayor Seymour invited members of the public to comment.

Jim Morash of the Mt. Washington Cruises addressed the Council. Mr. Morash explained that he has concerns with the proposed traffic order for the week, specifically with the prohibition of four wheel traffic on Lakeside Avenue beginning with the first Friday of the event. Mr. Morash explained to the Council that he has over 200 tickets booked for the first Saturday of the event and many of them are from a Corvette Club; if they have no way to travel to board the ship than it was not going to be beneficial to his business. Mayor Seymour thanked Mr. Morash for his comments and advised that when the traffic order is reviewed his concerns will be taken with heavy advisement.

Charlie St. Claire of the Laconia Motorcycle Week Association addressed the Council. Mr. St. Clair stated that the Council is aware of his concerns, which he stated at the December 27 meeting. In addition to his prior comments, Mr. St. Clair stated that he believed that one way traffic on Lakeside Avenue for the entire event would be a good idea and that the Council should look into continuing improvements on Scenic and Watson Roads because it is heavily travelled during Motorcycle Week and the duration of the summer.

Councilor Lipman asked Mr. St. Clair if he foresees any concerns arising from the proposed changes. Mr. St. Clair replied that he has no concerns with the State requirements but does feel that having public safety vehicles on Lakeside Avenue is not a wise decision. Mr. St. Clair also expressed that he feels the burn out pits should be licensed and permitted in designated areas. In addition, Mr. St. Clair expressed that he does not agree with the changes to approved signage or the stipulation that vendors should be appropriately clothed because it is left open to perception depending on what they are vending. In addition, Mr. St. Clair noted that there have not been any issues with the parking at the places of assembly and does not think a change is warranted.

Mayor Seymour asked Planning Director Shanna Saunders to approach the Council. Director Saunders explained that the notice of the Motorcycle Week Technical Review Committee (MTRC) was given by written invitation to the property owners. The meetings were informal sessions and were not held as formal public hearings. Many of the safety items are required by State statute and the other items are being brought forward because there has been an issue with them in the past. Director Saunders reviewed that some of the changes the Council requested have been made, including allowing burn out

pits with a licensing procedure. Mayor Seymour recalled that there were concerns with many changes in Appendix A and how they may be unattainable by some vendors.

Councilor Lipman asked what the legal jurisdiction is for enforcing State requirements. Deputy Fire Chief Charlie Roffo explained that they do not need approval from the Council to enforce the State statutes but the request is to adopt Appendix A as a guide for the vendors to plan their time at the event.

Councilor Lahey commented that it might be better to refer to the State statutes in the ordinances rather than spelling them out because the State statutes are ever changing and will require frequent revisions if they are cited with detail. During the Charter revisions it was a very tedious process to identify all of the incorrect RSA's and adjust them. Director Saunders replied that giving the property owners and vendors notice to follow the State statute would be a very tedious process for them and that maybe an alternative could be to take it out of Appendix A and have a hand out that is less official as a guide because part of the job of the MTRC is to help the vendors succeed.

Councilor Lipman stated that he appreciates the time and effort that has gone into this proposal and that the comments being made do not reflect the thought that inadequate work was done. Councilor Lipman suggested using Appendix A as an educational piece for the vendors and to sit down after the event to allow for an opportunity to educate and get feedback. Director Saunders replied that she can speak for the entire MTRC and state that they would be very disappointed if that is the decision, although she understands the reasoning. Property owners and vendors were given the information in Appendix A during the last event and they are aware of the needs for the future. The meetings were notified to over 100 people with the changes stated and holding off for another year elongates the objective. The property owners and vendors are anticipating these changes already.

Mayor Seymour commented that the concern mentioned by Councilor Lahey is the every changing State statute which would need to be constantly updated in the ordinances. Director Saunders indicated that was understood.

Councilor Lipman asked Councilor Hamel to identify the parts of Appendix A he does not agree with. Councilor Hamel stated that he does not agree with the way this is being presented, noting that there are very few people from the Weirs in attendance. Councilor Lahey noted that Director Saunders sent over 100 notices to the property owners notifying them of the meetings that were held. Councilor Baer replied that the ordinances were not presented at the meeting. Councilor Doyle interjected that some of the changes being requested are State laws so they are going to be enforced regardless of how the Council feels about them.

Deputy Roffo stated that he does not need Appendix A to enforce the regulations but without it he loses an instrument to direct. Councilor Lipman stated that making the items in Appendix A available in an unofficial document as a guide would still be a viable solution for the upcoming event.

Councilor Baer asked if everything in Appendix A is required by State statute. Deputy Roffo replied that almost everything is a State requirement and others are already in Appendix A and was not changed.

Councilor Lahey moved to approve the provisions set forth in Appendix A. Mayor Seymour advised that we are still in the public hearing and a motion will not be entertained at this time.

Councilor Doyle asked if pieces can be excluded when a motion is made and others approved, such as the dyno tuner and burn out pit regulations, and if so would the Council be amicable to doing so. Mayor

Seymour stated we could, with Councilor Lipman indicating a second hearing may be needed. Councilor Hamel stated that not all of the proposed changes are State statute, such as having outstanding accounts receivable with the City and wearing appropriate clothing.

Director Saunders explained that she is aware of the application timeline for the MTRC and if the Council is not comfortable with the documents as presented it would be better to hold off until after this year's event.

Brad Fitzgerald, 1462 Old North Main Street, addressed the Council. Mr. Fitzgerald encouraged the Council to take more time before making a decision, noting that they should not make the decision without all of the pertinent information.

Davida Cook, owner of the Heat Restaurant, addressed the Council. Ms. Cook commented that the change to the closing time of the beer tents will negatively impact her business. The legal last call for the serving of alcohol is 1:00 a.m. and if the closing time is the same, she will have to make the last call 12:30 a.m. and this would cause her to lose money. Ms. Cook also noted that she received no notification of any meetings taking place and would not have known if Mr. St. Clair had not contacted her. Director Saunders stated that this has been the practice for several years and it was not in writing and some people were not aware. Ms. Cook replied that she has had a beer tent for 15 years and this has never been the case.

With no further public comment, Mayor Seymour closed the public hearing at 7:43 p.m.

PRESENTATIONS

- **Life Safety Practices – Laconia Fire Department**

Deputy Fire Chief Shawn Riley presented the use of an Automated External Defibrillator (AED). The City is currently at a 24% success rate for cardiac saves, which is four times the national average of 6-8%. AED's have been placed in City buildings over the last several years, including City Hall, the Community Center and the Police Department. Deputy Chief Riley reviewed a map depicting all locations, municipal and otherwise, within the City. Mayor Seymour clarified that all of the schools in Laconia have AED's on premise and Deputy Chief Riley confirmed they do.

Deputy Chief Riley and members of the Laconia Fire Department presented a simulation of a cardiac event and the process that is followed.

Councilor Hamel thanked Deputy Chief Riley for the presentation and asked what the cost would be for each AED purchased Deputy Chief Riley explained that through the State bidding process they are obtained for \$700 - \$750 each. Councilor Hamel recommended looking into the Motorcycle Week Fund to purchase additional AED's for use during events. The Council agreed this would be a good use.

MAYOR'S REPORT:

Mayor Seymour acknowledged that this is the inaugural meeting of the Council. In doing so, Mayor Seymour noted that although it has been a challenging year for the City, there have been many successes that should be accredited to the Council, City Manager and Department Heads.

CITIZEN REQUESTS TO COMMENT ON CURRENT AGENDA ITEMS:

Charlie St. Clair requested to clarify that the Council will be taking no action on the requested changes to Chapter 195. Mayor Seymour stated that based on the Council comments this evening it is unsure which direction the Council will take at this time. Mr. St. Clair requested that regardless of what the Council decision, there should be education of the property owners and vendors of the State regulations and current City Ordinance. Mayor Seymour agreed.

COMMITTEE REPORTS:

1. FINANCE: (Lipman, Hamel, Baer)

- a) WOW Trail Fund
- b) Special Item Budget Requests Procedural Review
- c) Huot Center

No report on any item in committee

2. PUBLIC SAFETY: (Baer, Doyle, Lahey)

- a) Fair St./Court St. traffic problems and accidents

No report on any item in committee

3. GOVERNMENT OPERATIONS & ORDINANCES: (Doyle, Bolduc, Lahey)

- a) Energy Committee
- b) Vending and Licensing Fees
- c) Chapt. 119, Building Construction regarding signed architectural plans for residential units

No report on any item in committee

4. PUBLIC WORKS: (Bolduc, Baer, Lahey)

- a) Ordinance Amending Chapter 221, Vehicles and Traffic/Parking on Sublawns
- b) Oak & North Main St. Intersection
- c) Proposed ordinance regarding vehicles over 18,000 lbs. and engines idling between the hours of midnight and 6:00 a.m.
- d) Proposed ordinance regarding large vehicles parked on City streets and sidewalks

No report on any item in committee

5. LAND & BUILDINGS: (Hamel, Lipman ,Bolduc)

- a) Repair & maintenance of City Buildings
- b) Former Laconia Police Department Building

No report on any item in committee

LIAISON REPORTS:

Councilor Lahey updated the Council on the Lakes Region Facility Committee. The property has been appraised and the report of the Committee should be released sometime this month. There is legislation

on the books that indicates the property has been offered to the City and that we need to make a decision by July 1, 2012. Councilor Lahey has been staying up to date on the appraisal process and will have more information soon.

MANAGER'S REPORT:

City Manager Myers reviewed the Project Updates (see Attachment #1), Financial Trends Update (see Attachment #2) and Recycling Challenge (see Attachment #3).

City Manager Myers advised that the left turn signal at Oak and North Main Streets are fully operational. Councilor Hamel asked if all of the lights are working. City Manager Myers confirmed they are.

The fourth remote drop off site at Memorial Park is anticipated to be available by January 20 and the Conservation Commission will be hosting a Backyard Composting Workshop on January 18 beginning at 6:30 p.m. in 200A.

Mayor Seymour reminded that tomorrow evening at 6:00 p.m. there will be a two way traffic proposal update at City Hall in 200A.

Councilor Hamel asked if the bridge is being redesigned for accommodate the two way traffic, which requires a new design being submitted to the State. City Manager Myers explained that there was a meeting with the Department of Transportation (DOT) and the option of two-way traffic was examined. The City is not in jeopardy of losing the original commitment from the State of \$2.1 million, but if the adjustment to widen the bridge is for a safety purpose they may increase that amount. If it is not for safety purpose the additional expense would become a burden of the City, but we are not at the point to begin discussing that potential at this time.

NEW BUSINESS:

1. Classification & Compensation Plan change

City Manager Myers reviewed the proposed addition of the position of Planner/CD & Code Director to Grade 27. This is being requested to allow Planning Director Shanna Saunders to embrace the additional role of Code Director, which she has been performing since City Manager Myers joined the City in July. Director Saunders has done a remarkable job and her efforts will result in the City contracting an inspector, Cliff Jones, rather than hiring one in house. City Manager Myers asked the Council to consider taking action rather than letting the recommendation take effect by default in 30 days.

Councilor Hamel moved to approve the addition of Planner/CD & Code Director to the Compensation Plan at Grade 27. Seconded by Councilor Lahey. **Motion passed unanimously.**

2. State & Community Highway Safety Grants – Laconia Police Department

a. Laconia DWI Patrols

Councilor Lipman moved to approve the application form the State & Community Highway Safety Grant- Laconia DWI Patrols. Seconded by Councilor Bolduc. **Motion passed unanimously.**

b. Laconia Enforcement Patrols

Councilor Doyle moved to approve the application for the State & Community Highway Safety Grant-Laconia Enforcement Patrols. Seconded by Councilor Bolduc. **Motion passed unanimously.**

3. LRGH Federal Homeland Security Grant

Councilor Lipman excused himself from this discussion.

City Manager Myers explained that this is a grant that would provide LRGH with portable ventilators and associated accessories to enhance their medical surge capacity in response to large-scale health events. By approving this grant application, the City would be agreeing to accept the ventilators and turn custody over to LRGH for their use.

Councilor Lahey moved that the Council agree that the portable ventilators provide by the State of New Hampshire, acting through its Department of Health and Human Services, Division of Public Health Services for the benefit of the municipality in emergency situations be granted directly to Lakes Region General Hospital to be stored, maintained, and deployed as necessary. Seconded by Councilor Bolduc. **Motion passed with 5 Councilors in favor and Councilor Lipman abstaining.**

Councilor Lahey further moved to authorize the City Manager to act on behalf of the City to approve said agreement with the State and to execute any and all documents, agreements, and other instruments; and any amendments, revisions, or modifications thereto, as he may deem necessary, desirable and appropriate. Seconded by Councilor Doyle. **Motion passed with 5 Councilors in favor and Councilor Lipman abstaining.**

UNFINISHED BUSINESS:

1. Second Reading of a Resolution Relative to Authorizing the Expenditure for Capital Improvements of up to \$120,000 Representing the Unexpended Proceeds of Certain Bonds Issued on July 16, 2009

Councilor Hamel moved a second reading of a Resolution Relative to Authorizing the Expenditure for Capital Improvements of up to \$120,000 Representing the Unexpended Proceeds of Certain Bonds Issued on July 16, 2009. Seconded by Councilor Bolduc. **Motion passed**

2. Approval of an Ordinance Amending Chapter 235, Zoning Relative to Article III 235-15 Official Zoning Map

Councilor Bolduc moved an Ordinance Amending Chapter 235, Zoning Relative to Article III 235-15 Official Zoning Map. Seconded by Councilor Doyle. **Motion passed unanimously.**

3. Approval of an Ordinance Amending Chapter 235, Zoning Relative to Article IV, Impact Fees

Councilor Doyle moved an Ordinance Amending Chapter 235, Zoning Relative to Article IV, Impact Fees. Seconded by Councilor Bolduc. **Motion passed unanimously.**

4. Approval of an Ordinance Amending Chapter 161, Licensing

Councilor Hamel moved an Ordinance Amending Chapter 161, Licensing. Seconded by Councilor Bolduc.
Motion passed unanimously.

5. Approval of an Ordinance Amending Chapter 195, Special Events and Outdoor Assembly and Appendix A

Councilor Hamel moved to table the proposed amendment until after Motorcycle Week of this year. Seconded by Councilor Baer.

Councilor Lahey noted that essentially, the only items that are being tabled are those that are not State mandated. Mayor Seymour confirmed that the Council cannot supersede State laws. Councilor Lahey stated that the involved departments will be notifying the property owners and vendors about the laws.

City Manager Myers advised the Council that the items they had expressed interest in changing from the prior presentation have been adjusted in the most recent version provided. It was also noted that from a financial stand point, the provision being added that would prohibit licenses and approvals for land use from anyone having an outstanding receivable with the City would not be enforceable. Councilor Lipman stated that he does not see why this is not enforceable.

Councilor Lahey asked to remove the items the other Council members are not comfortable with and to vote to approve the remainder. City Clerk Reynolds recommended having a second reading with the proposed changes at the next Council meeting if the Council wished to make changes to the proposal.

City Manager Myers asked that if the Council is not going to approve the proposal this evening than to vote opposed to it so a newly composed recommendation may be brought to the Council after this year's event; by tabling it the Council would be requesting the same document, with the same proposed changes be brought back to them.

Councilor Lahey asked Councilor Hamel what parts of the proposal he is opposed to. Councilor Hamel stated that most of the changes have nothing to do with State law and that none of the people they affect were properly notified. Councilor Lahey stated that the Planning Department has got the information to the Council as quickly as possible and by not supporting their proposal the Council is discouraging the staff when they are trying to make things better.

Councilor Bolduc commented that Director Saunders held two meetings and the suggestions being made came from the meetings.

Mayor Seymour explained that the Council would need to vote the proposal down, which would require Councilor Hamel to remove his prior motion. Councilor Hamel requested to call the question.

Motion passed with 5 in favor and Councilor Lahey opposed.

6. Council membership on the CIP Committee

7. Milfoil Treatment Funding Request
8. WOW Trail
9. Master Plan
10. EPA Update
11. Sewer & Water Master Plan
12. Single Stream Recycling/Concord Co-Op/Solid Waste Disposal Cost Reduction
13. Strategic Planning/Goal Setting

NOMINATIONS, APPOINTMENTS & ELECTIONS: NONE

COUNCIL COMMENTS:

Councilor Bolduc encouraged everyone to get out and vote in the Presidential Primary tomorrow.

City Manager Myers advised the Council that there are two legislative items that are pressing and direction is needed from the Council, redistricting and the Winnepesaukee River Basin Project (WRBP) change being proposed by Representative Tilton.

Councilor Hamel asked if the intent is to remove Ward 4 from the rest of the City in the redistricting process. City Manager Myers explained that in the House redistricting Ward 4 would become part of a seat held with Gilford, Belmont and Gilmanton. Councilor Lahey noted that in addition to the House district changing, the Senate districts were changing substantially as well. Councilor Lipman emphasized that the proposed change to the House district would split the Downtown area in half right down the street.

Councilor Baer commented the vote on HB 514 regarding entering private property will be held this week as well, but her understanding is that some changes have been made to it. City Manager Myers advised that this is in committee for review and will have amendments made to it at that level. This proposal is not as time sensitive as the redistricting.

Mayor Seymour asked the Council if they would like to send a letter of opposition regarding the current redistricting plan for the House. All Councilors were in favor.

Councilor Baer asked how Executive Councilor Burton may benefit the City in this matter. City Manager Myers advised that Councilor Burton has a hand in the checks and balance of the Governor, but would not be influential in matters such as this.

Mayor Seymour advised the Council that the WRBP Advisory Board, which is chaired by Public Works Director Paul Moynihan, is not in support of Representative Tilton's proposal. The proposal would create a voting system for the WRBP that would be based on the population of each community, and in essence give the City a much larger voting ratio than other communities. The concern of the Advisory Board is that this could be viewed as a negative to some of the communities and would deteriorate the working relationship that has been established amongst the Advisory Board members. Councilor Lahey commented that Rep. Tilton has asked that the Council take an affirmative stance on his proposal. City Manager Myers replied that the Advisory Board has accomplished many tasks and Director Moynihan feels the workings are moving in a positive direction at this time; weighted votes may inhibit that. There are positions for both sides. Councilor Hamel asked if the weighted vote would apply to the Capital

Improvements. City Manager Myers confirmed it would tie in. Councilor Hamel commented that the weighted vote would be favorable to the City.

Councilor Lahey moved that the City take a position in favor of Rep. Tilton's proposal. Seconded by Councilor Bolduc.

Councilor Baer reiterated that this could pit communities against each other.

Councilor Lipman stated that a letter for this instance may not be the right vehicle to use, but a conversation with Rep. Tilton may be a better fashion to use because there may be variations of need for the weighted vote. Councilor Lahey stated that we should support Rep. Tilton, noting that he was the former Public Works Director for the City.

Councilor Baer asked how Director Paul Moynihan feels on this proposal. City Manager Myers advised that Director Moynihan drafted the letter of opposition from the Advisory Board as the Chair and shares in some of the concerns of the Advisory Board.

Councilor Hamel stated that he has fears of the Capital Improvement expenses that could come forward with the City being responsible for a larger portion of the expense and only have one vote.

Councilor Lahey amended his motion to support Rep. Tilton's proposal and also support any amendment he may suggest that would take into consideration the concerns raised by the Advisory Board. Seconded by Councilor Bolduc.

Motion passed with 5 in favor and Councilor Baer abstaining.

Councilor Lipman requested the Council take a position on the proposed Senate redistricting. The plan would remove Alton, New Durham and Strafford and add Loudon, Webster and Franklin; all other communities in the current district would stay the same. Councilor Lipman expressed his approval of this proposal and asked the Council to do the same. All Councilors were in favor.

NON - PUBLIC SESSION:

Councilor Bolduc moved to enter into non-public session according to RSA 91-A:3, II: (d) Consideration of the acquisition, sale or lease of real or personal property which, if discussed in public, would likely benefit a party or parties whose interests are adverse to those of the general community. Seconded by Councilor Doyle.

On a roll call vote of the Council it was entered into non-public session at 9:09 p.m. with notice of business to be conducted after the session.

At 9:18 p.m. Councilor Lahey moved to come out of non-public session. Seconded by Councilor Hamel.
Motion passed unanimously.

Councilor Hamel moved to seal the minutes of the non-public session for one week.

Councilor Bolduc moved to approve the sale of Lot 8 in the Lakes Business Park for a sale price of \$85,000. Seconded by Councilor Lahey. **Motion passed unanimously.**

Councilor Bolduc moved to authorize the City Manager to sign, on behalf of the City, all documents relating to the sale of Lot 8 in the Lakes Business Park. Seconded by Councilor Doyle. **Motion passed unanimously.**

Mayor Seymour advised that the evaluation of the City Manager is due at this time. The recommendation is to hold a separate non-public session to hold the evaluation information with the Council. The Council indicated there approval.

Councilor Hamel commented that the Temporary Traffic order for Motorcycle Week should be inclusive of one way traffic on Lakeside Avenue, but not eliminate four wheeled vehicles.

ADJOURNMENT:

Councilor Bolduc moved to adjourn at 9:21 p.m. Seconded by Councilor Doyle. **Motion passed unanimously.**

A True Record Attest:

Mary A. Reynolds
City Clerk
