- Prime wetlands Yes or No
- Better open space trail linkage opportunities
- Septic System inventory to target water quality improvements
- Storm water ordinance work
- Agricultural Commission Yes or No
- Infill development
- Areas of Synergy he Built infrastructure
- View Sheds to preserve
- Any fine tuning of the Zoning ordinance to include HISS mapping
- Fracking regulations

C. Foss quickly reviewed the potential action list as some Con Com members had to leave at 8 PM. D. Jeffers requested the Con Com provide a priority list by next week. An additional meeting will be held next week to prioritize the list for submittal before the week of May 17, 2015 guidelines.
