Route: Start at Wyatt Park, Main St, End at Veteran's Square

Motion to approve contingent upon the Application fee being paid by the applicant or waived by the City Council by Captain Clarke, seconded by Chief Erickson, Approved

The Clerk had some questions for the Board; a gentleman called asking about doing a temporary Taxi license during Bike Week she just wanted to get some answers so that she could call him back about how many vehicles would be covered under the license, and which states the board would require for obtaining driving and criminal background checks because the

applicant is from out of state. Also the Clerk asked the board if it was okay that the applicant had the vehicles sponsored by MADD (Mothers Against Drunk Driving) Foundation. The Board responded that they think that there is a need for more taxi's when the bars are letting out at night and they would require driving and criminal background history for both NH and his home state of MA, and any additional driver(s) would need to submit the same background & driving history. He could use 2 vehicles under the same license as long as they are both registered under the applicants name and the board would require him to have a base of operation somewhere in the Weir's area in case anyone needs to get in contact with him. The Clerk is going to call the gentleman back and tell him there response.

Adjournment- Motion to Adjourn by Chief Erickson, seconded by Captain Clarke, Adjourned
