**New Business-**

The License Clerk showed the board two items she has been working on with creating a new event license in the chapter and a new section to add to Photographers to the Motorcycle Week Licensing requirements; the board voiced their comments and concerns about both sections; they liked the event license wording and they approved of the fee structure stating that it would be in favor to the event creators compared to paying individually for each vendor. The board asked the clerk to add some wording to the photographers section changing that not only if they travel by foot, but by any other means. So it would include bicyclists, mobile wheelchairs etcetera. The board also raised the question of where we would create the name badges for the photographers; the police department has a system and the board asked the clerk to do some research and find out what the police uses and if they have any other equipment that we would be able to use. The clerk is going to make the change to the photographer section and research how the badges will be created. At the next meeting the board will vote all together.

Old Business- No Old Business to present to the board
